

Project title

CENIIT Project Proposal
Project leader <aaa.bbb@liu.se>

May 31, 2019

It is encouraged, but not mandatory, that this template is used when writing an application for CENIIT funding. The application should be about 5 pages long, excluding CV. The applying project leader should contact a member of the CENIIT board in good time before the decision meeting, see <http://ceniit.lith.liu.se/> for dates and contact information for the CENIIT board.

Background and industrial relevance

Describe the project background, industrial motive of the research, and position the research topic in an international perspective.

Project description

The main description of the project, including any relevant preliminary results.

Visions and plans

Describe the long-term vision of the project as well as more short-term plans, e.g., over three years. Include descriptions of research activity, independence with respect to previous supervisor/professor, and plans/ambitions to form a research group.

Research environment and industrial cooperation

Describe the research environment and any possible connections to other CENIIT funded projects. Also describe the industrial connections in the project, including contact person. It is strongly encouraged to include letters of intent from collaborating companies, possibly including plans for cooperation.

Budget

Describe the project budget. It should be clear from the budget which researchers that are funded by the project and which other sources are used to finance the project. A full CENIIT grant is, preliminary, 450 000 SEK/year.
